

ARRANO-ETXEA

2013ko MEMORIA

ARRANO – ETXEA 2013

Azken urteetan bezala, Gipuzkoako Foru Aldundiko den, Berrikuntza, Landa Garapena eta Turismo Departamentua, eta “Arrano-Etxea” (Igeldo, Donostia) egoitzak, sinatutako hitzarmenari esker basa animalien zaintza eta berreskuratze lanetan jarraitu du.

Aurten **383** animalia sartu dira, **77** espezie edo mota desberdinetan banaturik.

2013an **gau harrapariak** kolpatuak izan den sarreraren gorakada eta batez ere urte hasiera eta bukaeran izan diren itsas ekaitzak, **itsas hegaztien** sarrera handia izan da, horrela animalia kopuruak gorantz egitearen arrazoitzat hartu daiteke.

Arrazoen artean **segada** berriro agertzen zaigu, **14** sarrera izan ditugarik eta alerik ez 2012an. Segadan artean aipatzekoa, **amuak** izaten duten eragina, bai itsas animalietan bai eta ibaietakoengan, adibidez *Mauremys leprosaren* sarrera batean.

FAURECO proiektuaren barruan kokaturik, egoitzan zeuden hiru *Gyps fulvus*, berreskura ezinak, Bizkaiko “El Karpin” egoitzara eramanak izan dira.

TIROz zauritutako espezie sarrerak ere gorantz egin du eta **21** motatakoa izan da, eta horietatik **4** ehizatu daitezke, hau da **49** sarrera izanik, **10** ehizatu izan daitezke. Eta hauetan aipagarriak bezala, **2** *Asio flammeus*, *Gyps fulvus* **1** eta *Hieraetus pennauus* **1**.

Donostian, 2014ko martxoaren 25ean

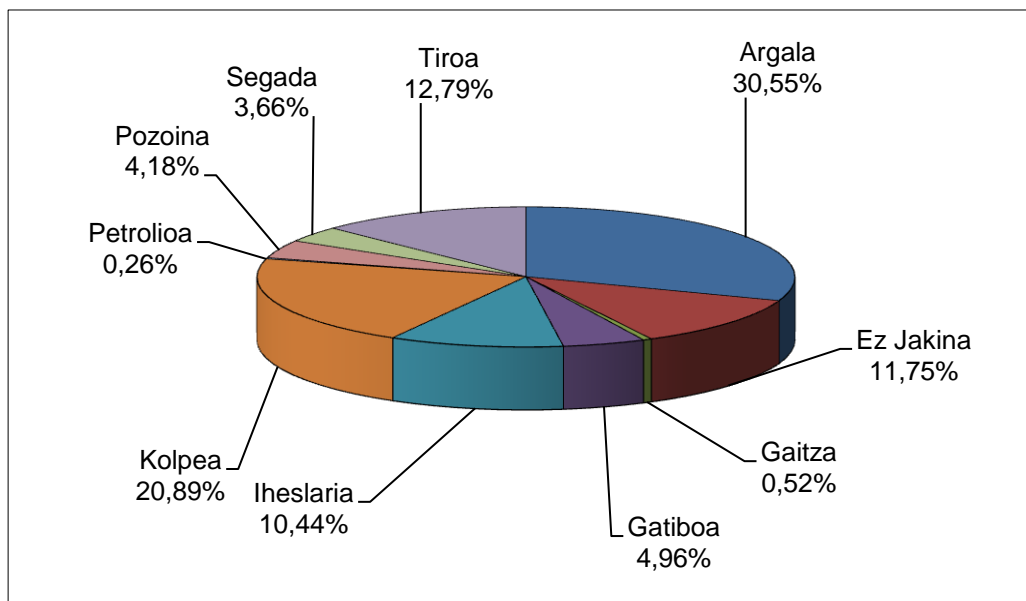

BASOZAIN NAGUSIA

Esteban Iriarte Lizarralde
